In the Matter of  
Pacific Gas and Electric Company  
(Diablo Canyon Nuclear Power Plant, Units 1 and 2)  
Docket Nos. 52-275 and 52-323

Dear Parties:

Pursuant to the Licensing Board's Memorandum and Order dated September 15, 2010, the Staff is providing the parties an index identifying the hearing file and mandatory disclosures in accordance with 10 C.F.R. §§ 2.1203 and 2.336. As discussed over the phone, this index contains almost all of the documents those regulations require the NRC Staff to include in the hearing file. Due to technical difficulties, the NRC Staff was unable to include some documents that those regulations require to be in the hearing file by October 15, 2010 deadline. The NRC intends to add those omitted documents to the hearing file next week and will send the parties an index identifying those documents at that time. The NRC Staff apologizes for any inconvenience or confusion that may result from the delay these technical difficulties caused.

For purposes of producing the mandatory disclosures and hearing file, and considering any document as privileged or protected, the Staff treated documents created by agents and contractors of the NRC the same as if those documents were created by the Staff. The index contains the ADAMS accession number, date, and title of each item so as to make the item readily retrievable from the agency's website, [www.nrc.gov](http://www.nrc.gov), using the ADAMS "Find" function in accordance with 10 C.F.R. § 2.1203. Additionally, within a few days of this notification, the Staff will have created a separate folder in the agency's Electronic Hearing Docket ("EHD")

associated with this proceeding, entitled "Diablo Canyon Hearing File." Also attached is the Affidavit of Andrew L. Stuyvenberg, as required by 10 C.F.R. § 2.336(c).

Respectfully submitted,

**/signed (electronically) by/**

Counsel for the NRC Staff

In the Matter of  
PACIFIC GAS AND ELECTRIC COMPANY  
(Diablo Canyon Power Plant, Units 1 and 2)  
Docket Nos. 50-275-LR and 50-323-LR

Dear Administrative Judges:

In accordance with the Board's September 15, 2010, Memorandum, and Section 2.1203(a), the NRC Staff is providing notice that it has created the hearing file for this proceeding and has made it available to the parties. For any member of the public that wishes to inspect the hearing file, the NRC Staff will create a separate folder in the agency's Electronic Hearing Docket ("EHD") associated with this proceeding entitled "Diablo Hearing File," and the documents, along with an index listing the documents, will be published in that folder. Due to technical difficulties, the NRC Staff was not able to include all documents required to be in the hearing file by October 15, 2010. The NRC Staff intends to supplement the hearing file next week with those documents. At that time, the NRC Staff will send the parties and the Board notification of the update. The Staff has discussed this problem with the other parties to this proceeding, and no other party had an objection to the delay for adding some documents to the

hearing file. The NRC Staff apologizes for any inconvenience or confusion that may result from the delay these technical difficulties caused.

Respectfully submitted,
