To Whom It May Concern,

I, Crystal McCarthy, am aware of the change in our application for the Radiation Safety Officer position. Jay Meizlish M.D. will act as the Radiation Safety Officer for HealthCenter Imaging of Fairfield County, L.L.C.

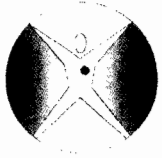

Also, I can confirm that lead was placed in the facility. I can visually see the lead in the doors and note that the doors with the lead are much heavier than those without.

Thank you,

Crystal McCarthy R.T. (R)(N)
President
