RE: File No. 2010-p-3; RENEWAL, Nuclear Regulatory Commission Operating License,  
Seabrook Station, Seabrook, NH

Dear Mr. Cliche:

The New Hampshire Coastal Program has received your federal consistency certification for renewal of the Nuclear Regulatory Commission (NRC) Operating License (Facility Operating License NPF-86) for Seabrook Station, pursuant to Section 307(c)(3)(A) of the Coastal Zone Management Act, 16 U.S.C. §1456(c)(3)(A). Based upon review of the federal consistency certification, we find that the proposal to renew the NRC Operating License complies with the enforceable policies of New Hampshire's federally approved coastal management program.

Should you have any questions, please feel free to contact me at (603) 559-0025.

Sincerely,

Christian Williams  
Federal Consistency Coordinator  
New Hampshire Coastal Program
