Re: Florida Power & Light Company
Proposed Turkey Point Units 6 and 7
Docket Nos. 52-040 and 52-041
Fourth Endorsement of Bellefonte R-COLA Standard
Content Requests for Additional Information

Reference:

1. FPL Letter to NRC, L-2009-144 dated June 30, 2009, Application for Combined License for Turkey Point Units 6 and 7
2. Tennessee Valley Authority (TVA) Letter from Thomas E. Spink to NRC, dated August 16, 2010, Bellefonte Combined License Application – Summary Identification of Standard Content in Response to Requests for Additional Information

Florida Power & Light Company (FPL) submitted a Combined License (COL) Application for Turkey Point Units 6 and 7 to be located in Miami-Dade County, FL on June 30, 2009, (Reference 1).

The attached table provides the FPL responses to the TVA table of standard content provided to the NRC (Reference 2). Under the 'PTN S-COLA Endorsement' column heading of the table, FPL has indicated whether it endorses each RAI response provided by TVA. A 'Yes' in the column indicates that the standard content of the response is endorsed by FPL for the Turkey Point Units 6 and 7 S-COLA. An 'N/A' in the column indicates that the RAI response is a TVA specific response and therefore, is not applicable to the Turkey Point Units 6 and 7 S-COLA. A 'No' in the column indicates that the standard response is not applicable to the Turkey Point Units 6 & 7 S-COLA and that FPL specific content is or will be located in the applicable portion of the Turkey Point Units 6 and 7 S-COLA.

In the 'Endorsement Clarification' column, FPL has provided additional explanatory information regarding the response, if necessary. An example would be an R-COLA standard response that included both standard content and applicant specific information.

Proposed Turkey Point Units 6 and 7
Docket Nos. 52-040 and 52-041
L-2010-251 Page 2

The attached table includes the RAI response letters that were submitted by TVA after October 31, 2009 and before July 15, 2010. This will be the final endorsement of a TVA submittal of similar summary information since Vogtle is now the Reference COLA (RCOLA).

FPL will provide its assessment of additional standard content submittals by the R-COLA.

If you have any questions or need additional information, please contact me at 561-691-7490.

I declare under penalty of perjury that the foregoing is true and correct.

Executed on November 3, 2010

Sincerely,

William Maher
Senior Licensing Director – New Nuclear Projects
