**Subject:** RE: Phone call summaries Oct 4 & 19  
**Attachments:** PCI Meeting Summary 10-4-10 V2 Draft wPCI Comments.doc

Hello, Blake.

Find attached the summary of our last two calls with edits and / or comments incorporated into the document as we believe appropriate. Although most of the document appears accurate to us; it did not capture many of the statements / positions PCI discussed during these two calls. Therefore, we have tried to include those in this document at this time.

All changes to your document are shown. My intent is for the NRC to "note" my comments; but to not include those in the record to be issued. Those are there for your information before finalizing this document.

If there is a problem or discrepancy with issuing this as we have proposed herein, please discuss with us the changes you feel are needed to finalize this document. Also, we do not see the need to make this document proprietary; just the reference papers themselves.

Thank you for your cooperation with us in this matter.

Best regards,

*James M. Bleigh*

**Subject:** Phone call summaries

Jim,

Attached is the draft summary for our last two phone calls on your large flume test protocol. Please verify that it does not contain any proprietary information and any comments on the accuracy. I would appreciate it if you could respond by Friday, November 5.

Thanks,

Blake Purnell
