Subject: RE: NRC requests for information

I have forwarded the letters to the Habitat Protection Office in Cheyenne so you shouldn't need to resend. Mary Flanderka is the supervisor of that office. tc

Hi: Will I be getting a response from WY Game and Fish Dept to the letter addressed to you on 8/5/09 or will it have to be re-sent to the Cheyenne address given below. Thanks

I see I failed to provide the address. It is:

Wyoming Game and Fish Department
Habitat Protection Office
5400 Bishop Blvd.
Cheyenne, WY 82006

Thanks.

Tom,

Thank you for clarifying this. We will send future correspondence as you've indicated.

Johari

Subject: NRC requests for information

Dear Ms. Kock, Ms. Moore & Mr. Shroff,

In recent days I have received mailed correspondence regarding Uranium One America's proposed Moore Ranch, Antelope and JAB projects (Dockets 040-09073 and 040-09079). Such correspondence should be routed through our statewide Habitat Protection Office in Cheyenne at the address below. That office determines what WGF personnel are required to review and address such inquiries and routes the requests accordingly. I do not typically become involved in site specific projects. Local WGF staff are largely

responsible for such inquiries (as determined by the Habitat Protection staff). I have forwarded your letters to that office for their dispensation.

Regards,

Tom Christiansen
