Thanks for your reply. I'm working to clear things up with Richard and make sure he has all the documentation he needs.

We received this draft MOA for review and signature. We cannot sign a draft agreement. I understand from the Buffalo Field Office that there are still some things that need to be done before we can negotiate an agreement and Richard Currit at SHPO indicated in his e-mail that they have not yet received all the necessary project information. At this time, negotiation of an agreement is premature. Thank you for contacting us; we will want to be involved when time is ripe for negotiation of an agreement on this undertaking.
