**Subject:** NMA and Public Access to Draft SEISs on In-Situ Recovery Applications

Chris,

The Draft Supplemental Environmental Impact Statements are currently available at the ADAMS public web site. They can be located at the following accession numbers

Moore Ranch - ML093350050  
Nichols Ranch - ML093340536  
Lost Creek - ML093350051

Within the not too distant future, the drafts will also be electronically available at our web site. We will send you those links when we have them.

Tomorrows federal register notices can be viewed and downloaded today at:  
<http://www.archives.gov/federal-register/public-inspection/> This is the federal register main page. On this page there is a link that allows you to look at the next day's notices.

We have a limited supply of paper copies. Paper copies of the draft SEISs can be requested through the NRC's public document room. However, your best bet is to request a paper copy from the appropriate project manager. They are:

Moore Ranch - Behram Shroff, at 301-415-0666  
Nichols Ranch - Irene Yu at 301-415-1951  
Lost Creek - Alan Bjornsen, at 301-415-1195.

We will also have the supplementals on computer CD to mail out members of the public that want them or when we run out of paper copies.

Thanks,

William Ford  
Team Lead (Acting)  
Environmental Review Branch  
301-415-0731

**Subject:** SEISs

Hi Bill:

Thanks again for the call yesterday. Can you point me in the right direction on where we can get SEIS copies?
