Subject: SDGF&P Dewey/B Application comments
Attachments: SDGFP_PWT_Application_comments.doc

Hello Haimanot,

Attached is a file containing South Dakota Department of Game, Fish and Parks (GFP) comments resulting from the review of the Dewey Burdock uranium recovery license application.

I just now have found the notice in the federal register, but have not yet seen anything in the newspaper.

If you have questions regarding the comments please contact me at any of the numbers listed.

Thank you,

Stan Michals -Energy and Minerals Coordinator
