Re: Request for Additional Information from the U.S. Nuclear Regulatory Commission

Dear Jean,

I refer to my letter to you dated 15 October 2010, in which on behalf of ARMZ and Rosatom, I confirmed certain commitments with respect to Materials License SUA-1341 and Materials License SUA-1596, issued by the Nuclear Regulatory Commission. As you have requested, I am further pleased to confirm the same commitments stated in that letter apply also with respect to Materials License 49-29384-01, issued in the name of Uranium One Americas, Inc., for the control of a Prompt Fission Neutron Logging Tool.

Sincerely,

Vadim Jivov
General Director
