Dear Mr. Marc Ferdas:

Enclosed please find copy of the letter send by Galenus Journal where they inform that they do not have in their journal a section for such specialized articles and for that reason they are unable to consider my article for publication.

The Journal of Health Physics and The Journal of Nuclear Medicine inform us after receiving hard copy of submission of the article to resubmit using online manuscript submission. When I began reviewing the instructions for electronic submission at the Journal of Health Physics they required that neither this work nor a similar work has been published nor shall be submitted for publication elsewhere while under consideration by Health Physics.

Now that I have received the final response from Galenus Journal for the article publication; I will proceed to submit electronically to Health Physics and if denied I will submitted electronically to the Journal of Nuclear Medicine.

Sincerely Yours,

  
Juan E. Pérez Monté, M.D.

Enclosure

September 28, 2010

Juan E. Pérez Monté. MD

Dear Dr. Pérez Monté:

We acknowledge receipt of your letter dated August 26 submitting your article "The NRC and de ADR Process. Learning Experiences."

We greatly appreciate that you have considered our journal to publish the above mentioned article. After reviewing it, and although it is a very interesting article, we have to inform you that at this time we do not have in our journal a section for such specialized articles and for that reason, we are unable to consider it for publication.

With all due respect we suggest you to present that article at a specialized ~~meeting~~ such as the Annual Meeting of the Society of Nuclear Medicine of Puerto Rico.

Please receive our thanks and our best professional regards

Marco Villanueva-Meyer, MD
