RE: Docket No. 04009081; Juan Tafoya Mill, Sandoval County, New Mexico

Dr. Charles L. Miller, Director
Office of Federal and State Materials and
Environmental Management Programs
U.S. Nuclear Regulatory Commission
Two White Flint North, Mail Stop T8D22
11545 Rockville Pike
Rockville, MD 20852

Dear Dr. Miller:

In response to NRC's request of October 27, 2010, please be advised that Neutron Energy Inc. is continuing pre-license application studies and data collection for the planned conventional uranium mill at the previously licensed site of the Bokum Resources mill on land owned by the Juan Tafoya Land Corporation. At this time, we anticipate submittal of a license application in the second quarter of 2012. We will continue to keep NRC staff informed of our progress and schedule.

Please call me at 303-531-0492 if there are any questions.

Sincerely,

A handwritten signature in cursive script that reads "Michael Neumann".
