**Subject: DSS-CD Stability Meeting, December 1, Draft Presentation**

The “draft” presentation for the DSS-CD Stability Meeting planned for December 1, 2010 is enclosed for your use in the determination that the presentation contains information that GEH considers proprietary. Upon confirmation that the presentation contains GEH proprietary information, the meeting can be properly noticed.

Please note that Enclosure 1 contains proprietary information of the type that GEH maintains in confidence and withholds from public disclosure. The information has been handled and classified as proprietary to GEH as indicated in its affidavit. The affidavit contained in Enclosure 2 identifies that the information contained in Enclosure 1 has been handled and classified as proprietary to GEH. GEH hereby requests that the information in Enclosure 1 be withheld from public disclosure in accordance with the provisions of 10 CFR 2.390 and 9.17.

Because the presentation contains many details of GEH plans for improvements to the DSS-CD methodology, a non-proprietary version would contain essentially no information. Therefore, no non-proprietary version is provided.

If you have any questions, please contact Juswald Vedovi at (910) 819-6314 or me.

Sincerely,

James F. Harrison  
Vice President, Fuel Licensing  
Regulatory Affairs  
GE Hitachi Nuclear Energy
