(GLE Commercial Facility)
Docket No. 70-7016-ML; ASLBP No. 10-901-03-ML-BD01

Dear Administrative Judges:

In its Order dated May 11, 2010, the Atomic Safety and Licensing Board (Board) directed the NRC staff (Staff) to provide "its best good-faith estimates of the Staff's projected schedule for issuing its final environmental impact statement (FEIS) and safety evaluation report (SER)." The Board further directed Staff to promptly inform the Board should either good-faith estimate materially change.

The Staff is hereby providing notice to the Board that issuance of the final safety evaluation report (SER) will be extended from December 2010 to February 2011 to accommodate pending Requests for Additional Information (RAIs) and the resolution of new issues raised in the review of the applicant's License Application.

Respectfully submitted,

Executed in Accord with 10 CFR 2.304(d)
