Dear Ms. Ullich,

Enclosed are copies of the revised Final Status Survey of the Army Research Laboratory (ARL) Building 1103A Area. One copy in printed form and another in electronic media form.

The revised Final Status Survey (FSS) Data incorporates changes resulting from the NRC review of the original submission of this FSS. The revised FSS Data indicates that the structures and land are suitable for release for unrestricted use, without regard to former operations with licensed radioactive material. Please amend SMB-141 to reflect the removal of the facility with structures.

Please feel free to contact Mr. Richard A. Markland, (410) 278-6354, markland@arl.army.mil if you have any questions.

Sincerely,

Pamela E. Fry
Experimentation Support Manager
