Bruce,

I'm sorry, but I misunderstood this message. I guess because it says "FYI" and because it says NRO already concurred (near the bottom), I didn't think any action was required. But the previous NRO concurrence was for the DG, so I should have figured that out. Anyway, it sounds like there should be a concurrence package for NRO/DE. Eduardo was taking the lead on this, so I'll talk to him tomorrow to see if he's seen anything.

Sheryl & Holly,

I need the review be completed by September 8, 2010. I have attached Regulatory Guide RG 1.54 Rev 2 " Service Level I, II, and II Protective Coatings Applied to Nuclear Power Plants." It was issued as DG-1242 for public comments.

Note: The final guide has the Regulatory Analysis Section is separate files now. To ease the review, I have also attached the word file for guide including the RG Analysis..

Thanks.

Note 2: NRR: Wong, Emma; Cruz, Holly; Yoder, Matthew
NRO: Laura Dudes concurred for Tom Bergman before for DG 1242.

Note 3 : I have also included the word files should that need to make any suggested changes.
