John,

We requested a correction immediately after it was posted and they said the replaced but apparently they did not.

See the attached email that I resent few minutes ago with the corrected version.

No, this is not the file with the two changes made to RP C4. Bruce has it, and he is out of the office until Tuesday.

John,

We can request the correct version to be posted. Could you let me know. What the correct version is? Is this the correct version? It might not have your two comments that you added.

Thanks,

Mekonen

Mekonen, the RG that is on the public web site is the wrong version. It is not the one with the changes we asked to have made to Reg Position C 4
