Dear Mr. Koglin:

It has come to our attention that Amendment No. 2 to NRC License No. 21-26777-01 issued on July 16, 2007 contained an error.

Item No. 9.A. in your license had authorized Impact Systems Inc. Model No. 440 source holder rather than Model No. 4400. Enclosed is a corrected copy of your NRC license authorizing Impact Systems Inc. Model No. 4400. We apologize for any inconvenience this may have caused you.

Please note, we have updated Item 13. F. in the leak test condition. Also note, we have removed the license condition requiring you to restrict your possession limits to quantities below the minimum for establishing decommissioning financial assurance because this condition is not applicable based upon your possession limits in items 8.A. and B.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the NRC's Agencywide Documents Access and Management System (ADAMS), accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.

Sincerely,

William P. Reichhold
