RE: Rulemakings and Adjudications Staff

OFFICE OF SECRETARY
RULEMAKINGS AND
ADJUDICATIONS STAFF

To Whom It May Concern,

Subject: Docket ID NRC-2010-0075 – Wyoming Mining Association Comments on Licenses, Certifications, and Approvals for Material Licensees - Federal Register Vol. 75, No. 143 Tuesday, July 27, 2010 pages 43865 to 43876

The Wyoming Mining Association (WMA) is an industry association representing mining companies, contractors, vendors, suppliers and consultants in the State of Wyoming. Among its mining industry members are uranium recovery licensees, including in-situ and conventional uranium recovery operators, several companies planning new uranium recovery operations and several companies conducting final reclamation/restoration operations. WMA has reviewed the Proposed Rule **Certifications, and Approvals for Material Licensees** as well as the comments prepared by the National Mining Association (NMA).

WMA supports the comments of NMA and believes that they represent the views and beliefs of our member uranium recovery companies in Wyoming.

If you have any questions, please do not hesitate to contact me.

Sincerely,

A handwritten signature in cursive script, appearing to read 'Lynn Welker'.

Lynn Welker
Assistant Director
