Subject: Docket No. 50-186  
University of Missouri-Columbia Research Reactor  
Amended Facility License R-103  
Reactor Manager and Associate Director-Reactor & Facility Operations Appointments

Dear Mr. Adams,

This letter is to inform you effective December 1, 2010, John L. Fruits will become Reactor Manager and Leslie P. Foyto will become Associate Director-Reactor & Facility Operations.

John L. Fruits has been with the University of Missouri Research Reactor since June 1988, receiving his Reactor Operator's License in February 1989 and his Senior Reactor Operator's License in February 1990. He became Assistant Reactor Manager, Operations in January 2007. With Mr. Fruits' many years of experience and working knowledge of MURR, I am confident he will serve MURR well in his new role as Reactor Manager.

Mr. Fruits will be under the direct supervision of Mr. Leslie Foyto and will work closely with the other senior managers of this facility.

Leslie P. Foyto has been with the University of Missouri Research Reactor since February 1988, receiving his Reactor Operator's License in September 1988 and his Senior Reactor Operator's License in February 1990. He became Assistant Reactor Manager, Engineering in October 2000 and Reactor Manager in August 2003. As Associate Director, Mr. Foyto will have direct oversight of both reactor operations and facility support operations and will report directly to me.

Sincerely,

Ralph A. Butler  
Director
