Dear Ms. Hood:

This refers to the letter received August 13, 2010, with attachments, including your NRC Form 314. On November 1, 2010, we attempted to contact you, unsuccessfully, by telephone at (765) 932-4441. We did send an email to Dr. Shamaa, informing him that we require more information in order to continue processing your request to terminate License No. 13-32485-01. We also stated that we have voided your request to terminate this license by taking it out of our active database until we receive an adequate written response from you concerning the items listed in the attached enclosures.

In voiding your request, please note that this action is without prejudice to resubmission. If you resubmit your request, in order to facilitate proper handling by our office, please state that the resubmission is "additional information to Control Number 573449." Please also address your written response to my attention.

If you have any questions or require clarification on any of the information stated above, you may contact me directly at (630) 829-9752.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the NRC's Agencywide Documents Access and Management System (ADAMS), accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.
