Audit Report

AUDIT OF THE NUCLEAR REGULATORY COMMISSION'S DECOMMISSIONING PROGRAM

OIG-05-A-17

Status of Recommendations

Recommendation 1: Clarify and disseminate expectations for generating and maintaining supporting documentation for performance data to staff responsible for preparing and collecting performance data.

Agency Response Dated

October 21, 2010:

As indicated previously, the recommendation is being addressed as part of the revision to Management Directive (MD) and Handbook 4.7, "NRC Long Range Planning, Programming and Budget Formulation." We have decided to modify our approach to the replacement of the MD and Handbook in order to improve policy communication, organization and achieve agency consensus on the policies covered. We will replace it with three separate MDs: "Strategic Planning Process" (new); "Budget Formulation" (MD 4.7); and, "Performance Management" (new). Recommendation 1 will be addressed in the MD "Performance Management." Currently, the revision to MD 4.7 is on hold due to consultation with the Chairman.

OIG Analysis:

The agency's proposed action meets the intent of this recommendation. This recommendation will be closed when clarified expectations for generating and maintaining supporting documentation for performance data are disseminated to staff responsible for preparing and collecting performance data.

Status:

Resolved.
