Subject: RE: Request for Extension and Preliminary comments on proposed Levy Nuclear Plant Units 1 and 2

Dear Dr. Sydney T. Bacchus:

This email is in response to your email request below for an extension to provide comments in regard to the issuance of the Draft Environmental Impact Statement (DEIS) for Progress Energy Florida's proposed Levy Nuclear Plant Units 1 & 2 project. The DEIS and the Corps's evaluation of the proposed project were noticed by the U.S. Army Corps of Engineers (Corps) by public notice dated August 13, 2010; and by the Nuclear Regulatory Commission's (NRC) by publication of a notice in the Federal Register on August 13, 2010. A 75-day comment period was provided to allow interested parties to provide comments in regard to the issuance of the DEIS and the Corps's public notice. The comment period ended on October 27, 2010.

This email provides the Corps concurrence with the NRC's letter to you dated November 10, 2010. You are granted a 30-day extension (through November 27, 2010) to provide comments in regard to the issuance of the DEIS, as well as the Corps's public notice.

Sincerely,
Don Hambrick
