Leandro:

This is to follow up to our conversation on November 15 regarding the proposed transfer of control of the NRC license for The Center for Cancer Care in Princeton, West Virginia. If you recall, I asked the following:

- 1) Will there be a change in the name of the licensed entity?
- 2) Will there be a change in mailing address to the 21st Century Oncology central office in Florida? (This would require issuance of a new license number with prefix 09-.)

- 3) Provide documentation of WVRTSI's incorporation and relationship to RTSI (I was unable to find this by internet search).

I have not yet received any further information on this. My recollection is that there was time urgency to issue this amendment, however you said that the sale will not close until 21st Century Oncology/RTSI provides the requested information and NRC approves the transfer.

Do you know when we can expect to receive this information? I'll be here for the remainder of this week, then away until December 27. (If needed, one of my colleagues can work on this while I'm gone, but I'd prefer to finish it myself.)

Thank you,
