Subject: U.S. EPR Design Certification Application RAI No. 349 (4164, 4165),FSAR Ch. 19 OPEN ITEM

Attached please find the subject requests for additional information (RAI). A draft of the RAI was provided to you on December 18, 2009, and discussed with your staff on January 19, 2010. Draft RAI Questions 19-333 and 19-335 were modified as a result of that discussion. The questions in this RAI are OPEN ITEMS in the safety evaluation report for Chapter 19 for Phases 2 and 3 reviews. As such, the schedule we have established for your application assumes technically correct and complete responses prior to the start of Phase 4 review. For any RAI that cannot be answered prior to the start of Phase 4 review, it is expected that a date

for receipt of this information will be provided so that the staff can assess how this information will impact the published schedule.
