Subject: Additional information for NRC license amendment request (mail control 573959)

Licensee: Bridgeport Hospital
License No.: 06-01060-01
Docket No.: 03001247
Mail Control No.: 573959

Mr. Tatta:

Please send a return e-mail to confirm receipt of this message.

This is regarding your request dated November 18, 2010 to authorize Srijit Kamath, Ph.D. as authorized medical physicist (AMP) for your high dose rate remote afterloader (HDR) device. Please provide the following additional information so that we may continue our review of this request:

- 1) Documentation of Dr. Kamath's completion of his Ph.D. degree in computer science. You may provide either (a) a copy of his diploma if it indicates the field of major study, or (b) an unofficial copy of a transcript that shows degree completion and the field of major study.
- 2) Documentation of Dr. Kamath's participation in a post-doctoral or residency training program in medical physics, or other formal training in medical physics.
- 3) Documentation that Dr. Kamath has received training in hands-on device operation, safety procedures, clinical use, and the operation of a treatment planning system for Bridgeport Hospital's HDR device and program. [The submitted training from Florida involved HDR equipment from a different manufacturer.]
- 4) Confirmation that Dr. Kamath's supervisor and preceptor, Jatinder Palta, Ph.D., is an AMP for HDR on the Agreement State radioactive materials license for the University of Florida. If the university holds a broad scope license that does not list individual names, you may provide a letter from the Radiation Safety Officer .

Please submit the information described above within 30 days or we will presume that you do not wish to pursue this request. You may mail this to the Region I office or send it by fax to my attention at 610-337-5269, referencing mail control 573959. You may contact me with any questions, however, please note that I will be out of the country beginning on December 6 and returning to the office on December 27.

Thank you,

Sandy Gabriel
Senior Health Physicist
Medical Branch
NRC Region I
610-337-5182
