Subject: 2011 SNM Annual Meeting CE Program
Date: Wed, Nov 17, 2010 9:55 am

Dear Dr. Perez-Monte,

The Scientific Program Committee made the decision to decrease the number of CE sessions offered this year in response to attendee comments about having too many competing sessions as well as the pressing budget concerns.

Due to the cut-back in number of sessions and the overlap in content, the Scientific Program Associate Chair for CE has decided to not accept the session titled "The NRC and the ADR Process" for this year's CE program. I am very sorry we are not able to include this session in our schedule.

Best regards,

Lynn Barnes
