Dear Mr. Tripp:

In order to comply with NRC regulations, we request that License No. 52-24907-02, Docket No. 03037739 issued to San Juan Bautista School of Medicine, be amended for "storage only" under the radiation safety officer supervision of Mr. Heriberto Torres.

We have plans to include a nuclear medicine program in the near future but it is our understanding now that it will take more time than previously expected.

We appreciate your assistance in this matter. If any further documents or information is needed, please contact me at your earliest convenience.

Cordially yours,

  
Yocasta Bruga, MD  
President/Dean  
San Juan Bautista  
School of Medicine

  
Mrs. Lymari Colón  
President  
Governing Board

c. Mr. Heriberto Torres
