SUBJECT: Donald C. Cook Nuclear Plant, Units 1 and 2
Docket Nos. 50-315 and 50-316
Notification to Not Update the Donald C. Cook Nuclear Plant Cyber Security Plan
Regarding Balance of Plant Systems

Dear Sir or Madam:

By letter dated July 19, 2010, Indiana Michigan Power Company (I&M), the licensee for Donald C. Cook Nuclear Plant Units 1 and 2 (CNP) submitted the CNP Cyber Security Plan (Plan) for Nuclear Regulatory Commission (NRC) review and approval. By letter dated August 27, 2010, North American Electric Reliability Corporation (NERC) requested that I&M submit a notification letter to the NRC to revise CNP's Cyber Security Plan to clarify Balance of Plant Systems that are within the scope of CNP's Plan. By letter dated September 28, 2010, I&M informed the NRC that a revised Plan would be submitted to the NRC by November 30, 2010. By letter dated November 8, 2010, NERC informed I&M that the NRC will notify I&M of the schedule for submitting a revised Plan.

This letter is to notify the NRC that I&M will submit a revised Plan in accordance with the schedule to be provided by the NRC. This letter does not contain regulatory commitments.

Should you have any questions, please contact Mr. Michael K. Scarpello, Regulatory Affairs Manager, at (269) 466-2649.

Sincerely,

Joel P. Gebbie
Site Vice President
