Dear Mr. Keiser:

SUBJECT: REQUEST FOR EXEMPTION FROM 10 CFR 20.103(c)(2)  
(TAC NOS. 73119/73120)

RE: SUSQUEHANNA STEAM ELECTRIC STATION, UNITS 1 AND 2

We have received your January 17, 1989 request for an exemption from the requirement of 10 CFR 20.103(c)(2) related to a 12 month time interval for physical examinations to assure that an individual is physically able to use the respiratory protective equipment in an environment containing airborne radioactive material. Specifically, you have requested an exemption to permit the physical examinations once "every 9 to 15 months; provided that the total time over any three consecutive physical examination periods does not exceed 39 months."

Our review indicates that your request is consistent with the staff's position on implementation of the time interval requirements of 10 CFR 20.103(c)(2), and an exemption from 10 CFR 20.103(c)(2) is not needed. However, if you still wish to pursue your January 17, 1989 request for an exemption, let us know your decision at your earliest convenience so that we can process your request in a timely fashion.

Sincerely,

/s/

Mohan C. Thadani, Project Manager  
Project Directorate I-2  
Division of Reactor Projects I/II  
Office of Nuclear Reactor Regulation
