Subject: Air Quality Spreadsheet

Alan,

Sorry I haven't gotten back to you sooner on the air quality file we completed for WDEQ-AQD. Due to its size I downloaded it onto a thumb drive and placed it in the mail. You should receive the drive by Monday.

The file includes emissions from our project from drilling activities in 2008. The spreadsheets are rather cumbersome to follow but with a little study can be understood. If you or Patrick have any questions on the file just give me a call and I will try to help. This data was voluntarily supplied to WDEQ-AQD pursuant to their request for information for a minor point source study they performed for the state.
