Subject: RE: paper copy of GEIS

Ms. Walther:

I will put a copy in the mail to your attention.

Sincerely,
James Park

Subject: paper copy of GEIS

Mr. Park:

Would it be possible for our library to obtain a paper copy of the Final Generic Environmental Impact Statement for In- Situ Leach Uranium Milling Facilities without charge? We are a regional federal depository library and have an interest in uranium mining in Colorado.

Thank you in advance for your assistance.

Regards,
Leanne Kunkle Walther
