Subject: Reno Creek ISL

Hi Alan,

Just a heads up that we have been getting inquiries from an archaeological consultant concerning the Reno Creek ISL:

<http://uraniuminvestingnews.com/3836/bayswater-begins-baseline-environmental-studies-at-reno-creek.html>

This is the first I had heard of the project, but it looks like they are going to be starting the survey. In the inquiry, the consultant was unaware of any federal involvement. Do you have any further information on this project?

Thanks,

Richard L. Currit
