One small correction. The SHPO has not "concurred" with this change. It is not a "concurrence" issue. However, we have no problem with the change and it is acceptable to us.

All,

The NRC has made a change to the wording in the Termination clause. It has been concurred by SHPO. Attached please find two copies of the final Draft MOA: 1) redline/strike out copy; and 2) a clean (uncluttered) copy. Both are watermarked with Draft. Please review these and get any comments you may have back to me no later than close of business Thu, Jun 17th. Thank you.
