**Attachments:** in situ mining ML0913202240 doc; Congressional briefing slides (2).ppt

Anna/Patty,

I got the Communication Plan (attached) off of Susan Bagley, the ML is imbedded in the file name. Also attached are the slides.

Thanks,  
Alison

Anna I am sorry about that. Christianne - please provide the ML number for the communication plan for the release of the GEIS to Anna or provide her an electronic version of the plan. Thank you.

No, I haven't gotten the communication plan. Can someone please give me the ML?

Thank you for the slides.

Anna - I am just reading your email. Sorry I did not respond sooner. I understand you have received a copy of the communications plan. I got the slides to George Deegan and asked that he get them to Alison so they can be provided to all the Commissioners offices. Please let us know if you have further questions.

Hi Patty,

It's my understanding that you have a briefing on the Hill (maybe even today?) on the new SEIS approach for UR sites. Can you please send me copies of the slides you're going to use?

Also, is there a communication plan for this approach?

Thanks!
