Subject: City LF

Kent,

From our brief conversation, yesterday, this is what I'm looking for:

- How much MSW does the LF receive on a daily (or weekly) basis? TPD/TPW or Cu Yd/d or Cu Yd/wk
- How much C&D?
- How much liquid waste? What kind?
- How much industrial waste?
- How much recyclables – what do you recycle? Markets?
- Do you transfer any waste? Where?
- Do you accept any hazardous waste?
- What is the size of the LF?
- What is the life expectancy of the LF?

Thank you.
