Subject: Revised (again) talking points
Attachments: Uranium One Talking Points July 24 2009 to OGC (2).doc

With all the revisions last week, the bullet we added to address Brad's comment that we needed a summary point was not incorporated nor were Joan's comments on the GEIS section. Patty also had one requested addition over the weekend to explain that we communicated the change in NEPA strategy to the industry. The attached should be the final.
