Dear Sir:

Entergy has completed Action 6 of NRC Confirmatory Order EA-09-060 (Reference 1) which states:

"Entergy shall provide a lessons-learned presentation to the Regional Utility Groups for the NRC Regions in which Entergy operates nuclear facilities within one year of the date of the issuance of the Confirmatory Order. That lessons-learned presentation shall address the events which gave rise to the Confirmatory Order and the corrective

actions taken. Entergy shall provide a copy of the proposed presentation to the Regional Administrator, Region III, for review prior to the presentation.”

The lessons-learned presentations were provided by Entergy at the following Regional Users Group (RUG) meetings:

- RUG I: October 12, 2010
- RUG III: October 18, 2010
- RUG IV: November 16, 2010

Entergy provided a copy of the proposed presentation to the Regional Administrator, Region III in advance of these meetings (Reference 2) as acknowledged in Reference 3. The completion date for Task 6 reflects the schedule relaxation as requested in Reference 4 and approved in Reference 5.

Regarding Action 4 of the Confirmatory Order, Entergy committed in Reference 6 to implement two corrective actions identified as a result of Entergy's assessment of the succession planning process:

- Add 'Security Manager' to the list of key managers covered by the succession plan at each of the nuclear sites owned and operated by Entergy.
- Develop written guidance regarding the Entergy Nuclear succession planning process used at each of the nuclear sites owned and operated by Entergy.

Entergy has completed the implementation of these two corrective actions.

Entergy has now completed the required actions to fulfill the six conditions described in NRC Order EA-09-060. There are no new commitments identified in this letter. If you have questions please contact Edward Weinkam, Senior Manager, Licensing at 612-840-8181.

I declare under penalty of perjury that the foregoing is true and correct. Executed on 12/9/2010

Sincerely,

JFM / ew / krk
