Subject: Fwd: AGENDA FOR MONDAY

Please see below for the meeting agenda. This will be a working meeting, and comments from the public will be limited primarily to the time periods allotted for that purpose. As always, I am happy to hear your concerns or comments at any time.

Good Evening,

Please remember the next meeting of the team will be held next Monday at the Wyoming Contractors Association building in north Casper, beginning at 10 am.

The agenda for the meeting will be as follows:

1. Introductions and welcome
2. Comments by public in attendance
3. Review of last meeting actions
4. MAPPING - We will review and if possible, act on the work of the four LWGs reports. The action of the SGIT will be to offer comments back to the LWGs, and not to refine the final map. Overall, I am very impressed with the work of the LWGs to date, and I think you will be as well.
5. STIPULATIONS AND 5% REPORT - It is my hope that we can resolve the stipulations and 5% issue at this meeting. The subgroup that we asked to evaluate this has done a tremendous job working this out, and they have also done a great job of vetting the recommendations with industry, conservation groups, and especially, USFWS.
6. CONNECTIVITY - I think you have done a good job of sorting this out, but I want to be sure we are all on the same page. Please see the notes of the last meeting for details.

EX. 6
9/43

7. Comments from the public

8. Comments from the team

9. Final actions and wrap-up

It is my intention that the team will be seated at the table for this meeting, and I will be somewhat restrictive about other comments. For those of you who have participated before, you will recognize this point in time as the place where it is time for the team to get down to the work we have been assigned. For those of you new to the team, plan to leave this meeting with actions completed.

For the public who wish to attend, I will leave adequate time for comments at the beginning and end of the meeting, and I may allow comments as time allows.

We have roughly 45 days to get this done, and we will get it done in the time allowed.

Thank you all for your honesty, passion, and dedication thus far. I will remind you of only one thing - in the decision notice, the one compelling reason that we are not all laboring under a listing is your work to develop and perfect the Core Population Area strategy in Wyoming.

Thanks to all. See you Monday!
