Andy,

Our informational session with FWS - Vero Beach went well yesterday with no significant items to report. The FWS staff expressed special interest in the water supplies for the units (including OE) as well as minimizing panther habitat disturbance.

Attached FYI is the attendee list. In a moment I will forward to you information we sent to FWS today to further inform them of water-related items.

If you would like to discuss this further, please let me know.

Best.

Rick
