Rick

I'll see if we can add cultural resources. But the reviewer's on the West Coast, so we'll have a very limited opportunity to reach him before the call. What item(s) under cultural resources did you want to clarify?

Andy,

Non-rad health should be non-radwaste (our mistake), and we'd like to add cultural resources if possible. If not, I understand.

Thanks.

Rick

You had asked for a call regarding questions in the following areas - aquatic, hydro, meteorology, non-rad health, and socio. I have the availability of all of the SMEs except socio right now and here are the options:

1. We could do it today at 11:00 for aquatic, hydro, meteorology, and non-rad health.

2. We could do aquatic and non-rad health on Tuesday, October 12 at 11:00, and hydro and meteorology on Wednesday at 11:00.

All times are Eastern.

Please let me know FPL's availability.
