(Eagle Rock Enrichment Facility)

Docket No. 70-7015-ML

ASLBP No. 10-899-02-ML-BD01

December 17, 2010

NOTICE OF HEARING

(Notice of Evidentiary Hearing and Opportunity to View Hearing via Webstreaming;  
Opportunity to Submit Written Limited Appearance Statements)

The Atomic Safety and Licensing Board hereby gives notice that it will convene an evidentiary session to receive testimony and exhibits in the "mandatory hearing" portion of this proceeding regarding the December 2008 application by AREVA Enrichment Services, LLC, (AES) seeking a license under 10 C.F.R. Parts 30, 40, and 70 that would authorize (1) the construction and operation of a gas centrifuge uranium enrichment facility -- denoted as the Eagle Rock Enrichment Facility (EREF) -- in Bonneville County, Idaho; and (2) the receipt, possession, use, delivery, and transfer of byproduct (e.g., calibration sources), source and special nuclear material at the EREF. This evidentiary hearing will concern safety matters relating to the proposed issuance of the requested license. In addition, the Board gives notice of the opportunity to view the hearing over the internet, via publicly-available webstreaming. Finally, the Board gives notice that, in accordance with 10 C.F.R. § 2.315(a), it will entertain

written limited appearance statements from members of the public in connection with this proceeding.

A. Matters to be Considered

As set forth by the Commission in the July 30, 2009 Notice of Hearing regarding this proceeding, see Notice of Receipt of Application for License; Notice of Consideration of Issuance of License; Notice of Hearing and Commission Order and Order Imposing Procedures for Access to Sensitive Unclassified Non-Safeguards Information and Safeguards Information for Contention Preparation; In the Matter of [AES] ([EREF]), 74 Fed. Reg. 38052, 38054 (July 30, 2009) (CLI-09-15, 70 NRC 1, 7-8 (2009)), the matters to be considered generally are whether the application and record of the proceeding contain sufficient information to support license issuance and whether the NRC staff's review of the AES application has been adequate to support findings to be made by the Director of the Office of Nuclear Materials Safety and Safeguards, with respect to the applicable standards in 10 C.F.R. Parts 30, 40, and 70. With respect to this particular portion of the proceeding, which generally concerns the safety-related aspects of the AES safety analysis report and the associated staff safety evaluation report (SER), the particular matters about which AES and the staff will make evidentiary presentations to the Board concern site-specific process-related hazards, foreign ownership and control, license conditions/exemptions, and commitment followup/tracking.

B. Date, Time, and Location of Evidentiary Hearing for Safety-Related Portion of the Mandatory Hearing

The Board will conduct an evidentiary hearing for portion of the mandatory hearing regarding safety matters beginning at 10:00 a.m. Eastern Time (ET) on Tuesday, January 25, 2011, at the Atomic Safety and Licensing Board Panel Hearing Room, Two White Flint North Building, Third Floor, Room T-3B45, 11545 Rockville Pike, Rockville, Maryland. The hearing

will continue day-to-day until concluded. AES and the NRC staff will be parties to the mandatory hearing and will present witnesses and evidentiary material.

Any member of the public who plans to attend the mandatory hearing is advised that security measures will be employed at the entrance to the building housing the hearing facility, including searches of hand-carried items such as briefcases or backpacks, and is reminded to allow sufficient time for security screening and to bring a government-issued photo ID (e.g., driver's license). The public is further advised that, in accordance with 10 C.F.R. § 2.390, portions of the hearing sessions may be closed to the public because the matters at issue may involve the discussion of protected information.

C. Opportunity to View the Hearing via Webstreaming.

In addition to in-person attendance, the public may view the hearing over the internet via publicly-available webstreams. The webstream sessions may be accessed through the following links: Tuesday, January 25, 2011, <http://www.visualwebcaster.com/event.asp?id=75030>; Wednesday, January 26, 2011 (if needed), <http://www.visualwebcaster.com/event.asp?id=75033>; Thursday, January 27, 2011 (if needed), <http://www.visualwebcaster.com/event.asp?id=75034>. As with in-person attendance, in accordance with 10 C.F.R. § 2.390, access to portions of the hearing sessions may be closed to the public because the matters at issue may involve the discussion of confidential/protected information.
