SUBJECT: ACKNOWLEDGMENT OF INSIGHT HEALTH CORPORATION BANKRUPTCY
NOTIFICATION

Dear Dr. Jordan:

This acknowledges the written communication dated December 10, 2010, informing the U.S. Nuclear Regulatory Commission (NRC) that InSight Health Corporation filed for bankruptcy under Chapter 11 in the United States Bankruptcy Court, Southern District of New York, on December 10, 2010.

Please be informed that the bankruptcy filing does not relieve InSight Health Corporation of its obligations to comply with NRC requirements, including those relating to security and control of licensed material; decontamination and decommissioning of contaminated facilities; and the retention of personnel required by NRC requirements (e.g., the Radiation Safety Officer (RSO), authorized users, etc.). Additionally, inspections of your activities will continue to occur.

If the RSO leaves your employ, you must first properly secure, dispose of, or transfer all licensed material, and you must inform NRC of this situation. If you need to close a building, you must first properly secure, dispose of, or transfer all licensed material that was in the building. NRC licenses remain in full effect even beyond their stated expiration date, until terminated in writing by the NRC.

You may not (1) transfer control of your license without prior written NRC approval, or (2) transfer licensed material except as authorized by NRC regulations. You should ensure that your attorney and any trustee involved in the bankruptcy proceedings are aware of these obligations. Any person who takes control of licensed activities or possession of the licensed material including any contaminated equipment or property transferred by the licensee must first obtain an NRC license.

Please notify us immediately if you are unable to meet any of these conditions. Also, please notify us when the bankruptcy proceeding is completed.
