New York

Hounsfield Wind Farm (Galloo Island) project (269 MW, hybrid offshore/onshore)

Developer: Upstate NY Power Corp

Location: Galloo Island in Lake Ontario

Status: NYS DEC final environmental scoping document has been completed. Upstate NY Power Corp. will soon apply for a state certificate for a greatly revised transmission line.

Ohio

Cuyahoga County

Developer: Juwi International

Location: Lake Erie

Status: Issued an RFQ for development of a 20 MW offshore wind demo project in Lake Erie near downtown Cleveland + feasibility study of establishing an R&D center for utility scale wind technology. As recommended in Feb 8, 2007 report Building a New Energy Future. Juwi International conducting project feasibility study for offshore wind test project. \$1,041,454 contract approved with JW Great Lakes Wind llc. Study to be completed in 2009. (<http://offshorewind.net/OffshoreProjects/Cuyahoga.html>)

Ontario

Leamington (30 MW in Stage I)

Developer: Southpoint Wind Power

Location: Lake Ontario

Status: Town Council Rejected proposal; Ontario government placed all offshore wind in Ontario on-old as a result. (<http://offshorewind.net/OffshoreProjects/SouthPoint.html>)
