Office of New Reactors

EMAIL- Victoria.ESPEIS@nrc.gov

December 22, 2010

Regarding notification and request for consultation and participation in the scoping process for the environmental review of the Victoria County Station early site permit application, we submit the following:

The Tonkawa Tribe is certainly interested in the effect on historic properties within the APE and the resolution of any adverse effects or any historical or cultural sites identified in the above listed project area. If any human remains, funerary objects, or other evidence of historical or cultural significance is inadvertently discovered then the Tonkawa Tribe would certainly be interested in proper disposition thereof.

We appreciate notification by your office of the many projects on-going, and as always the Tonkawa Tribe is willing to work with your representatives in any manner to uphold the provisions of NAGPRA to the extent of our capability.

Respectfully,

NAGPRA Representative

Concurrence:

Tonkawa Tribe Business Committee
