

FEMA

December 27, 2010

Mr. Allan Barker  
Chief, State & Government Affairs  
U.S. NRC – Region III  
2443 Warrenville Road – Suite 210  
Lisle, Illinois 60532-4352

Dear Mr. Barker:

Attached are the comprehensively revised Radiological Incident Response Plan for the State of Minnesota (dated July 1, 2010) and the Emergency Operations Plans (EOPs) for the Minnesota Counties of Dakota (dated December, 2010), Goodhue and the City of Red Wing (dated October, 2010), Sherburne (dated October, 2009) and Wright (dated December, 2010). Dakota, Goodhue Counties and the City of Red Wing lie within the 10-mile Emergency Planning Zone (EPZ) for the Prairie Island Nuclear Generating Plant. Sherburne and Wright County lie within the 10-mile EPZ for the Monticello Nuclear Generating Plant.

Also included for review are the Radiological Sampling Site, Siren Location, Traffic and Access Control Point, Ingestion Pathway and Base maps for both the Prairie Island and Monticello Nuclear Generating Plants.

We request that you review this material for conformity to Title 44, Code of Federal Regulations, Part 350, and the requirements in NUREG-0654. Please provide written comments regarding your review to FEMA, Region V, by January 27, 2011. Please retain the prior approved plan sections until all Regional Assistance Committee members have provided us with their review comments. At that time we will notify you of our findings concerning final approval, and provide updating instructions.

If you should have any questions, please contact me at 312-408-5575 or Gary Naskrent at 312-408-5214

Sincerely,

William E. King, Chairman  
Regional Assistance Committee
