Oconee Information for 08/26/2009 (Modify/Update)

Outside of Scope

[Empty form area]

Outside of Scope

Significant TS / Issues:

The licensee has performed a UT of the flaw as input into their PDO (prompt determination of operability). They are waiting on the results of the hydro test to issue the PDO. The PDO is expected to be completed today. The initial 7 day LCO clock has expired and the licensee has entered the TS allowed maintenance window.
