December 27, 2010

Chief, Rules, Announcements and Directive Branch
Mail Stop: TWB-05-BO1M
U.S. Nuclear Regulatory Commission
Washington, D.C. 20555-0001

Subject: EnergySolutions applications IW029 and XW018;
Hearing Docket Numbers 110-05896 and 11-05897

TO WHOM IT MAY CONCERN:

I am writing to request that the Nuclear Regulatory Commission (NRC) extend the deadline for public comment on Energy Solutions applications IW029 and XW018 to import 1000 tons of radioactive waste from Germany to be transported to Tennessee for incineration over the next five years.

Given the fact that the current deadline of December 29, 2010, comes in the midst of the Christmas holidays when most people are busy with family and friends, it would be in the best interest of public participation for the Commission to grant this request.

Template = SECY-037

DS 03

I live near the Tennessee state line and travel through the state for business and pleasure. The information about the proposed foreign radioactive waste plan has just come to my attention and there has been no mention of the issue in my local or regional news sources.

As I understand it, the foreign radioactive waste will be shipped through Virginia in route to Tennessee. I assume these states have been notified and given the same opportunity for Public Comment.

Therefore, I request an extension of 60 days for the Public Comment Period.

Sincerely,

Douglas Kiker

Van,

Attached for docketing is a comment from Douglas Kiker on the above noted license request from EnergySolutions.

Thanks,
Carol
