Dear Mr. Cadanau:

It has come to our attention that Amendment No. 63 to NRC License No. 24-02261-03 contained an error.

John Skorat should have been listed as an authorized user of materials listed in your NRC license under subitems 6.A. and 6.C. and Wayne Vetter should have been listed as an authorized user for materials listed in subitem 6.B. The enclosed corrected copy to amendment 63 now list these individuals as originally requested.

We apologize for any inconvenience this may have caused you. If you have any questions regarding these matters, please call me at 623-214-5213.

NRC's Regulatory Issue Summary (RIS) 2005-31 provides criteria to identify security-related sensitive information and guidance for handling and marking of such documents. This ensures that potentially sensitive information is not made publicly available through ADAMS, the NRC's electronic document system. Pursuant to NRC's RIS 2005-31 and in accordance with 10 CFR 2.390, the enclosed license document is exempt from public disclosure because its disclosure to unauthorized individuals could present a security vulnerability.
