Dear Dr. Merchun:

Enclosed is Amendment No. 1 to your NRC Material License No. 21-32293-01 in accordance with your request. Please note that the changes made to your license are printed in **bold** font.

Please review the enclosed document carefully and be sure that you understand all conditions. If there are any errors or questions, please notify the U.S. Nuclear Regulatory Commission, Region III office at (630) 829-9887 so that we can provide appropriate corrections and answers.

This also refers to the letter dated October 20, 2010, notifying the NRC of the transfer of ownership and control of NRC License 21-32293-01 issued to United Memorial Health Center. Based on the information submitted, the NRC consents to the transfer as described. The transferee should note their new responsibility and liability as an NRC licensee. Please be advised, change of ownership/control cannot be transferred without **prior** written consent from the NRC (10 CFR 30.34 (b), see the enclosed copy of the regulations). Since serious consequences to employees and the public can result from failure to comply with NRC requirements, prompt and vigorous enforcement action will be taken when dealing with licensees who do not achieve the necessary meticulous attention to detail and the high standard of compliance which the NRC expects of its licensees.

Please note, we have not authorized Dr. Waslowski for the materials in 10 CFR 35.300 at this time, because he was not authorized for the materials in 10 CFR 35.300 at Spectrum Health Hospitals, NRC license 21-00243-06. If you wish Dr. Waslowski to use the materials in 10 CFR 35.300, please see the instructions in the enclosed, "Licensing Guidance for Using the NRC FORM 313A Series of Forms", complete the enclosed, "NRC Form 313A (AUT)" and resubmit your request.

Also note, that we have reformatted Condition No.12 to remove all references to exclude authorizations such as "limited to cardiovascular procedures". Please be reminded, however, that you are still bound by the restrictions imposed by the excluded authorizations contained in documents incorporated into your license by Condition No.15. We have also updated License Condition No.15.

J. A. Merchun

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosures will be available electronically for public inspection in the NRC Public Document Room or from the NRC's Agencywide Documents Access and Management System (ADAMS), accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.

Sincerely,

A handwritten signature in cursive script that reads "William P. Reichhold".
